<b>Message:</b>	<p>I read the recent Independent article that talked about the possibility of a joint bond proposal with school bonds being the major portion of the bonds. As you know, we just voted down a school bond proposal because it was a poorly conceived scheme to get a lot of money and then decide what to do with it. Now LVJUSD wants to use the LARPD as their "shield" and hope that people who like parks will like schools. I am vehemently against this joint bond proposal and suggest that you stop these discussions right now. I am sure that I am not the only one who will vote against any joint bond measure. In fact, I will never vote for any future LARPD funding for any purpose if you team up with the school district. LVJUSD needs to prepare a smaller bond measure with prioritized projects with a real budget for the voters to decide upon. Their current scheme of "Trust us. We have the kid's best interests at heart." is a nonstarter and their claim that they have a plan is nonsense. They have a list of all of their facilities with condition assessments. This is not a plan because it does not have any priorities for which work needs to be done first and how much money they need to do the work. LARPD should not be involved in this duplicitous scheme. Mike Atkinson</p>
