CAMP SHELLY TO REMAIN CLOSED FOR SUMMER 2020 CAMPING SEASON

LIVERMORE, CA – Camp Shelly, Livermore Area Recreation and Park District’s family campground located in South Lake Tahoe will remain closed for the 2020 camping season. The health and safety of our community is a top priority. Due to the uncertainty of the COVID-19 situation and in support of the recommendations from Local and State Health Departments, it is with an abundance of caution and careful consideration that we have decided to keep Camp Shelly closed for the 2020 season.

Camp Shelly is a seasonal 25-site campground located in South Lake Tahoe operated by Livermore Area Recreation and Park District.
